Free Online Builders Log
for EAA Members!

Mission

Provide EAA members a way to document compliance with the 51% rule and share their progress with others.

Sept. 24, 2019

EAABuildersLog.org

Overview of the EAABuildersLog.org

- Aircraft builder's log website.
 - Free website for all EAA members.
- Official EAA HQ website.

Don White - Developer – 321-266-7410 - don@eaa724.org

Designed and created: YoungEaglesDay.org website – Y.E. Online Registration.

EAABuildersLog.org

Don White

Bio-

- Started YoungEaglesDay.org website – April 2018, Beta – Aug. 2018
- EAA 724 President – 2008 – 2017 – Vice President – 2006 - 2007
- Y.E. Coordinator – EAA 724 – 2018 – Present
- Commercial / Instrument Pilot w/ Seaplane rating
- Built Searey seaplane – 2007
- Building Velocity airplane – 2015 – Present
- Degrees in Computer Science / Business / Electrical Engineering
- Eagles Scout / Quartermaster Seaman - BSA

*** Young Eagles Online Registration System**

EAABuildersLog.org

Website overview

- * **Mission:** Provide a website for EAA members to share their airplane project information to all.
- * **Home Page**
 - * Display the latest and/or closes aircraft projects
 - * Uses IP Address or ZIP/POSTAL codes for location
 - * Advance search function to search all projects on website.
- * **Features**
 - * Cell and Tablet friendly (responsive)

EAABuildersLog.org

Website overview

* Builders Project Page

- * Must be an EAA member – will be verified during Signup
 - * But, anybody can search and view the aircraft projects.
- * Unlimited number of daily entries, including
 - * Automatically generate URL links within entry text; Ex: <http://eaa.org>
 - * Unlimited photos, PDF's, or any other files
 - * Photos will be stored in three sizes: Full, Medium and Thumbnail for optimized web performance.
 - * Full featured editing functions for photos (jpg, jpeg, png, bmp and gif)
- * You get a special URL that builders can update projects w/o login that is cell phone friendly. Easy to add text and pictures.

EAABuildersLog.org

Advanced Search

[EAA Builders Log Website](#) (Official EAA supported website.)

Welcome to the EAA's free online builders log for members.

We have selected the 8 closest airplane projects for your location of **Cocoa, Florida**

If this is not your location, please enter your 5 digit ZIP or 6 digit postal (Canada) code:

Advanced Search - Please fill in one or more of these fields and press the "Search" button.

Start/Last Date: Sep 24,2007 - Jun 17,2011

Engine: Continental - IO-550N27B

Propeller: Aero Composites - 3350-P - Constant Pitch

Panel: Grand Rapids

Entry URL: <https://eaabuilderslog.org/?blprojadd&proj=7QyyVfBug&a=7R1hj9BF>

Friendly URL: <https://eaabuilderslog.org/brkwlf>

Main Project Picture

Mar 01,2011 [Miscellaneous Electrical](#) - (4.00 hours)

Category: [Electrical](#)

Installed grommet for alternator wiring in cooling cap. Tightened up all electrical connections on firewall. Terminated wires. Fished wing tip lighting wire through wings. Inventoried all connectors coming off Aertronics panel and paired with fuselage side connectors. Only one connector missing...6 pin molex for roll servo. Aertronics got one in the mail for me today. Sat in pilot seat and determined best ergonomic stick grip position on control stick. Marked both vertical and "rotational" position on stick. I decided to have the grip mounted about 5 deg CCW from straight forward to better match the natural position of my hand.

Search words are highlighted in the project entries.

Search for one or multiple words with the project. Not (-) minus sign also supported; ex: wings -fuselage (search for wings and not fuselage)

Don White - Profile

Fill out this form about your project.

Create a new project log for a airplane that you are building or built.

Short Name: - This will be a short name for your project. Minimum of 4 characters with no spaces.

Project Dates: - - Date format - MM/DD/YYYY - Start date, Finish date (optional)

Manufacturer: - Select Project Manufacturer & Model. If not on list, please enter your own on "Other Kit" label below.

Model: - Please see the [list of kit manufacturers and models](#).

Other Kit: - Optional - Enter kit name and model if NOT listed in Manufacturer list. (Maximum of 18 characters)

Registration #: - Optional - FAA Registration Number - (N-Number) - example: N111AA

Project Serial: - Optional - Serial number assigned to your kit from the manufacturer.

Engine: - Optional

Propellor: - Optional

Panel: - Optional

Zip/Airport Code: - Zip code (USA Only-5 digits) or nearest Airport Code: example: KCOI, KATL or KDAL

Country: - Please select the country that this project is being built in.

Short Name: Unique name of your airplane project that is used for the friendly URL.

If you project is not listed under the "Manufacturer / Models", just list it under "Other kit".

Continued on next slide...

About (Site Info) Link

[EAA Builders Log Website](#) (Official EAA supported website).

[Help](#) [Contact Us](#) [About](#) [Log](#)

[Don White - Profile](#)

EAABuildersLog.org - Site Information & Help - Supported by the EAA National Organization - Officially announced at AirVenture, 2019

Issues / problems

- No problems are known at this time.

Additional requirements.

- Export function to download your entire project into common format.

Items completed

Sep 17, 2019 - Rename website URL link from MyEAA.org to EAABuildersLog.org.

Aug 15, 2019 - Add "Download" function to place your project in an Excel spreadsheet. This option is on the Main Menu for a builders project.

May 7, 2019 - Add eight new videos on how to use this website for the aircraft builders log functions.

May 7, 2019 - Add Category delete function to remove unwanted categories.

May 6, 2019 - Add function to edit the title of the picture. Just edit the entry and change the picture title and submit.

Feb 21, 2019 - Website will use the last uploaded picture as the project picture if not specified.

Feb 18, 2019 - Enlarge picture popup will be displayed if you mouse-over a picture on the main project page.

Feb 13, 2019 - Provide enhanced support for non-picture files, including: pdf, docx, xlsx, csv, pptx, zip, avi, dvg, mid, mpg, mp3, mp4 and wav.

Feb 13, 2019 - Enhanced the picture download functions. Just click on any picture for full size and click on it.

Feb 7, 2019 - Updated the manufacturers kit and models list. Over 300 manufacturers now on the list. Refreshed home page pictures.

Feb 6, 2019 - Enhanced the photo upload function for better error management of invalid pictures.
